PROFESSIONAL SUMMARY

Frontend Engineer with 3+ years of experience building scalable, high-performance web applications using React.js, Next.js, and TypeScript. Proven track record of delivering responsive, user-friendly UIs with modern tooling including Tailwind CSS, Redux Toolkit, and REST API integrations. Passionate about clean code, performance optimization, and seamless user experiences.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, Next.js, Redux Toolkit

Styling & UI: Tailwind CSS, SASS, Bootstrap, Material UI, Ant Design

Backend & Database: Node.js, Express.js, MongoDB, REST APIs

Tools & Platforms: Git, GitHub, Vercel, Netlify, Postman, Trello

WORK EXPERIENCE

Frontend Developer

dbqp Labs Pvt. Ltd. | Dec 2024 - Present | Rawalpindi, Pakistan

- Built and maintained 5+ production web applications using Next.js, React.js, and TypeScript, serving 1,000+ active users.
- Improved application performance by 40% through lazy loading, code splitting, and image optimization, reducing page load time from 4s to 2.4s.
- Engineered and integrated 10+ RESTful APIs connecting frontend interfaces to backend services for real-time data rendering.
- Executed fully responsive and accessible designs using Tailwind CSS, achieving 99% cross-browser compatibility across 15+ device types.
- Managed end-to-end deployment pipelines using Vercel and Netlify, reducing deployment time by 60% for production-grade applications.

Frontend Developer

Smart Coders SMC Pvt. Ltd. | Apr 2023 - Dec 2024 | Rawalpindi, Pakistan

- Designed and crafted 8+ interactive web applications using HTML, CSS, JavaScript, and React.js, delivering projects for 10+ clients.
- Integrated 5+ third-party APIs and built custom API solutions, expanding application functionality and reducing data fetch times by 30%.
- Resolved 50+ bugs and shipped feature enhancements, improving client satisfaction and reducing support tickets by 25%.

MERN Stack Intern

Bitsol Technologies Pvt. Ltd. | Oct 2022 - Feb 2023 | Islamabad, Pakistan

- Completed a comprehensive MERN Stack (MongoDB, Express.js, React.js, Node.js) training program, delivering 3+ hands-on projects.
- Built and deployed Auto GEMZ, a full-stack web application with 10+ features, integrating frontend and backend for a seamless user experience.

PROJECTS

GHMZA - Content Management System

Tech Stack: Next.js, TypeScript, Tailwind CSS

- Led frontend development using Next.js, building intuitive user interfaces for content creation, management, and publishing workflows.
- Created 15+ reusable React components and applied real-time content preview capabilities, ensuring a consistent UX across the platform.
- Enhanced frontend performance by 35%, increasing responsiveness and elevating overall platform usability.

OSTEP - School Management System

Tech Stack: Next.js, TypeScript, Tailwind CSS

- Architected and built the full web application from scratch using Next.js, TypeScript, and Tailwind CSS, serving 3 user roles.
- Applied role-based access control for administrators, teachers, and students, securing authentication and managing 500+ user records.
- Constructed reporting dashboards and ensured optimal responsive design across all device types, reducing admin workload by 20%.

EDUCATION

BS Computer Science

Kohat University of Science and Technology (KUST) | 2018 - 2022 | Kohat, Pakistan

CERTIFICATIONS

Responsive Web Design - freeCodeCamp
MERN Stack Development Bootcamp
